Getting the right tickets

We have a wide range of great value tickets to suit everybody's needs; commuters, business travellers, students, senior citizens, families and small and large groups. Check our website for the latest information. Full price Anytime tickets are generally valid on any train. Cheaper tickets, such as Off-Peak Day Returns and Off-Peak Day Travelcards, are generally valid on trains arriving in London after 1000. Please note that Off-Peak tickets are not valid on the service which arrives into London at 0959. Our best value bargain Advance tickets may have further restrictions. To avoid being liable for a penalty fare please make sure that your ticket is valid before you travel.

Penalty fares

When travelling with Chiltern Railways you must carry a valid ticket for your entire journey. If a station does not have a ticket office, or the ticket office is closed, buy a ticket from the self-service ticket machine on the station.

If the ticket you require isn't available from the self-service ticket machine, then you must buy a 'Permit to Travel' from the machine on the station. Where these are not available, you must buy a ticket at the first opportunity during the journey.

Failure to buy a valid ticket for your entire journey may leave you liable to pay a penalty fare. This will be £20 or twice the appropriate full single fare to the next station stop, whichever is the greater. Penalty fares are subject to change during the validity of this timetable. Please check station posters for current regulations.

Onward travel

Connections Where a connecting train is shown in this timetable, we've allowed sufficient time for you to change trains. You should allow a minimum of 5 minutes if making connections with other train operators' services. Trains will not normally be held for late running connections.

Leamington Spa and Banbury connections CrossCountry runs an extensive network from Leamington Spa and Banbury to hundreds of places across Britain, including Southampton, Bournemouth, Manchester, Sheffield, York, Glasgow and Edinburgh.

Birmingham New Street connections Birmingham New Street Station is an easy 10-minute walk from Moor Street Station and trains run to most parts of the UK.

Travelling between Princes Risborough and Aylesbury At certain times a shuttle train runs between Princes Risborough and Aylesbury. It will normally wait for late running trains from London and High Wycombe unless this will cause knock-on delays to other trains on the single line between Princes Risborough and Aylesbury. If we are unable to hold the shuttle, please go to the ticket office, where we will arrange alternative transport. If the office is closed, passenger help points are on platforms 2 and 3.

Unfortunately, we cannot delay London-bound trains at Princes Risborough if the shuttle from Aylesbury is running late. However, should your journey be delayed by 30 minutes or more as a result, you are entitled to compensation as per our Passenger's Charter, copies of which are available at all our staffed stations and on our website.

Metro & Underground London Underground and Midland Metro connections are shown in the route map in the fold out section of the back cover. There is also a central London Underground map on the back cover.

TrainTaxi TrainTaxi gives you information about how to bridge those final few miles between the station and your destination. TrainTaxi is a unique database of phone numbers for cab firms at all National Rail stations in Great Britain.
