

Meet the Manager at Leamington Spa station

Q&As from 13 March 2019

Q: Why can't you sell Network Cards at Leamington Spa?

A: Leamington is outside the Network Card area, so we do not have the dedicated ticket stock required to issue them. While we could sell them at stations outside the area, if we applied this logic to all local products sold across the country, all stations would have a lot of different bespoke ticket stock, most of which would never be used. We have found that most railcard sales are online these days, rather than at stations.
